

In Memory of Toby

February 17, 2002 ~ November 19, 2009

To live in the hearts of those left behind is not to die
~ Frances Bavier

Epilepsy cut Toby's life short. Even so his contribution to the breed was significant. His life as an epileptic dog put a very real face on this terrible disease.

All of us at ASHGI extend our deepest sympathies to Pam Douglas, her family, and all Toby's friends. We urge you to make a donation to Toby's memorial fund at Toby's Foundation: www.tobysfoundation.org
