

Indomitable Spirit

Just like the dogs we love, we fight on.

Ad design: Pam & Sean Tupy

In spite of daily medications, regular seizures, ACL surgery and ataxia that affects both his rear legs and impedes his movement, Toby fights courageously every day and still enjoys life!

In keeping with their spirit, we can do no less than to fight on until the day we have a screening test to stop this crippling and cruel disease.

Making Tracks to Defeat Canine Epilepsy!

If you would like to make a donation for Aussie epilepsy research, please mark it for that purpose. All designated funds received will be sent to a Donor Advised Fund (DAF) at the Canine Health Foundation (CHF), which will match funds dollar for dollar. Please help us raise the necessary funds for this vital research. While we have accomplished a lot, there is still a lot to be done. With your support we can continue our work to defeat canine epilepsy and to help those affected by this disease.

Send marked donations to:

Toby's Foundation, Inc.
