Toby's Foundation: A Legacy of Love

Toby's Foundation is named for Toby, an Australian Shepherd who started having seizures at 10 1/2 months old. Toby could not do any of the usual Aussie activities because of the epilepsy, but in what really mattered Toby excelled! He loved his family and friends, he endured a lot, and he never gave up! He championed the fight against canine epilepsy and inspired us always!

Toby's Foundation, Inc., a 501(c)(3) non-profit corporation and public charity established in 2004, is dedicated to canine epilepsy research, education, and providing resources and support in the fight against canine epilepsy. We raise awareness of canine epilepsy and support research that can lead to a screening test and more effective treatments for dogs suffering from this disease.
